Equine Influenza Vaccinations Wording as agreed and recommended by BEF and recommended by the ASAO

For Show Soc to use

Equine Influenza and Tetanus vaccinations are a compulsory requirement for all horses attending the [insert relevant society/showground]. The requirement for the first 3 vaccinations is as follows: the first 2 vaccinations 21 – 92 days apart, a third booster between 150-215 days, and an annual booster vaccination within 365 days thereafter. No horse should enter competitions within 7 days of an EI vaccination. Foals should commence vaccinations at 6 months old. This Rule may be subject to change from guidance from the FEI/BEF and any changes will be notified via the Showing Council and ASAO websites.
